2027 Expression of Interest to Agist My Personal Horse

Students may bring a horse to the WA College of Agriculture Harvey during the school year for recreational use after hours.

Returning students are expected to fill out an Expression of Interest, as are new students.

All expectations surrounding having a horse on site and riding the horse are detailed in the 2027 Horse Agistment Guidelines and the 2027 Horse Riding Guidelines. These expectations are based on student safety, the horse's welfare, and organisational needs. Horses will not be allowed onsite until all requirements are met.

If places for horses are limited because numbers exceed paddock space, priority will be given by year group, with Year 12s having the highest priority.

Students cannot bring a horse to the College until Sunday 14th February 2027. This allows new students to settle into College routines without the added responsibility of caring for a horse.

All horses must be taken off site during closed weekends when no students are on site to care for them. As Term 1, 2027 includes two closed weekends, horses must be taken off site on both occasions. Students are responsible for ensuring suitable arrangements are made for the care and transport of their horses during these periods.

Step 1:	Complete this Expression of Interest form to have a horse at the College - this will enable us to direct future correspondence and to start planning for the number of horses and tack space required.
Step 2:	Week 2/3 Term 1 - new students are inducted into the Equine facility in an after-school activity. Allocate horse paddocks and tack storage areas and outline expectations.
Step 3:	Completed forms must be returned to the College Administration BEFORE a student's horse is brought onsite.
Step 4:	Sunday 14th February 2027, 2.00 pm - 5.00 pm - horses may arrive at the College and will be checked in by a staff member. Horses may not arrive outside of these times.
Step 5:	Ongoing - students are assessed for their riding ability and capacity to ride in different locations/levels of supervision.

To lodge your Expression of Interest, please complete and return the information below by email

Email: Harvey.AC@education.wa.edu.au

EOI Forms to be returned by Friday 11th December 2026
