

COLLEGE PROSPECTUS 2023

WA COLLEGE *of* AGRICULTURE - HARVEY
An Independent Public School

WELCOME

The WA College of Agriculture Harvey has a proud tradition of preparing young people for careers in agriculture and related trades. A heavy emphasis on hands on learning and the development of work ready skills means that graduates find themselves readily employed directly in industry and in apprenticeships. A number of students elect to pursue tertiary study after leaving the College.

The College is located at Wokalup which is 8kms south of Harvey, approximately 1 1/2 hours south of Perth and 35 minutes north of Bunbury.

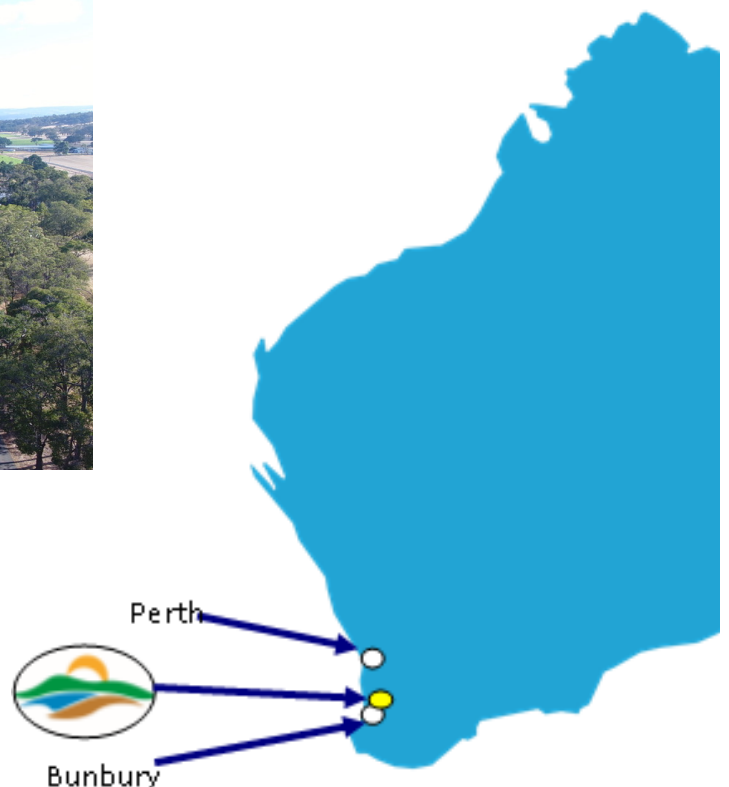

The College was completely rebuilt in 2012 and consists of a residential facility, classrooms, recreational facilities and modern trades workshops. The Farm covers 920 Ha of prime farming country operating a range of different Agricultural enterprise including Beef, Dairy, Sheep and Horticulture.

Students enrol at the College in Years 10, 11 and 12 and come from a wide geographic area but with a similar interest in agriculture and related trades. Places at the College are in high demand and a selection process is used to select students.

The College is a Registered Training Organisation (Provider #50421) delivering nationally recognised training up to AQF Level III qualifications to students in Agriculture and AQF Level II in related Trades. The knowledge and skills gained by students lead to a wide range of employment opportunities and further training. Completion of full qualifications, combined with SCSA based courses provides students with the opportunity to achieve the WACE and Secondary Graduation.

The WA College of Agriculture Harvey has a boarding facility with capacity for approximately 128 male and female students in Years 10, 11 and 12. Students may also attend the College as a Day student.

Through the Residence, the College aims to introduce and develop independent living skills, encouraging students to have confidence, responsibility, motivation and pride in themselves.

ADMISSIONS

Students interested in applying to attend the College are invited to visit our College website at www.harveyag.wa.edu.au and click on the Enrolment Information or Apply Now tab.

When you are ready, complete the online application but please ensure you have all relevant information to upload. We cannot continue with the application until we received the latest semester school report.

ENROLMENT AND INFORMATION FOR AGRICULTURAL EDUCATION

HOME ABOUT US FINANCE STUDENTS JOBS NEWS FAQ CONTACT

ENROLMENT INFORMATION

Are you interested in attending the WGA College of Agriculture - Harvey?

We are now taking Applications for Admissions for 2022

Take your time to navigate and explore our website and view what is on offer at our College. If you have any problems finding the information you need, we are just an email or phone call away.

Both Boarding and Day student places are available to those who may be interested in studying Year 10, 11 and Year 12 agricultural courses. On completion of Year 12, students may lead to career opportunities, entry into University, further study at TAFE or linkages to apprenticeships.

Due to the popularity and limited places available at the College, we suggest you send in your application, latest semester report, OSHC or HAP/PAH if possible to the College as soon as practicable. We will commence interviews at the beginning of Term 1 for the following year. Prospective students interested in attending the College in the coming years are advised to submit their Admissions form as soon as possible, as places are filling fast.

On applying to attend the WGA College of Agriculture - Harvey, in Year 10 or 11, the prospective student will be invited to attend an interview with one of our senior staff to further his/her application. In addition to the interview, the student and parents will be given a presentation by the Principal about the College and a tour around the main campus area. These three elements will take around two hours. Parents are asked to confirm the attendance and if for any reason the applicant is unable to attend the interview they are asked to contact the College immediately, this allows the appointment to be allocated to another applicant.

See how the College goes through the selection process by downloading the information below (Selection Process).

You have read all the information and wish to proceed click the **APPLY NOW** button below and start the process by completing the online application. Make sure you have all your documents on hand to upload, you can attach PDF or JPEG.

APPLY NOW

PROSPECTUS REQUEST FORM ENROLMENT ENQUIRY FORM PDF SELECTION PROCESS THE CAMPUS

Student applications are received by the College at any time. The total amount of applications received always exceed the available places and the application process is highly competitive. We will still continue to accept applications once all positions are full and they will be placed on a waitlist.

All applications will be assessed and the applicant may be invited to attend an interview with the Principal or another member of Senior staff. Successful students will be contacted regarding an Offer of Placement at the College throughout the year. Students who receive an Offer of Placement will be invited to attend a Transition Program at the College later in the year before attending as an enrolled student. This program is a great opportunity for students to meet one another and to gain an insight to how the College operates and what to expect when attending the following year.

COLLEGE WEBSITE, FACEBOOK & INSTAGRAM

The Harvey Ag website, Facebook and Instagram page is updated on a regular basis with information about what is happening around the College, with any changes to the Term Planners, Weekend Stock Roster, upcoming events, results or purely to look at photos and see what our students have been up to.

We find this is a great way to keep in contact with new, current or past students. The Weekly Wrap-Up newsletter is published each week.

A list of Forms such as the Horse and Motorbike Policies and information on Weekend Leave and Student Vehicle Permission can be found on the website.

SELECTION PROCESS

Acceptance into the College is based on a number of considerations. Please refer to the below selection process.

Students apply to the College the year before they wish to enrol using the online application, providing school reports and any other supporting information such as employment references, portfolio and resumes.

An initial screening is made on the basis of attitude, behaviour and effort (ABE) and comments in the school reports. Students exhibiting significant behaviour issues are not offered an interview but are invited to provide the College with an improved report at a later date.

Students whose reports indicate satisfactory ABE are offered an interview. The interview is designed to provide additional detail around the following criteria:

Demonstrated interest in Agriculture and/or related Trades

Indicators -

- Previous experience.
- Sports and hobbies.
- Work experience- paid/unpaid.
- School subject choices.

Positive behaviour in learning environments

Indicators -

- School reports – attendance – behaviour - trust.
- References, letters of commendation, leadership positions.

A career goal corresponding to the College programs

- Compatibility to a residential environment (if a boarding student).

Indicators -

- Independence.
- Ability to self-regulate and self-manage.
- Behaviour- trust.
- Positive interactions with peers.

The interview is conducted by either the Principal or Vice Principal or another member of Senior staff utilising a standard set of questions and referring to the school reports and other materials provided. Scores for each question are allocated based on a standardised response schedule and a total score is calculated for each student. On the day of the interview, the prospective student and parents will be given a presentation on the College and a tour of the facilities.

Students are ranked on the basis of their score, cut offs established and offers for positions made. Students without offers remain on hold for later rounds of interviews and selections. A number of rounds of offers are made over the year.

PATHWAYS

YEAR 10—all students study the same program based on the Australian Curriculum.

YEAR 11 & 12— students have the choice of two Pathways;

GENERAL EXTENSION PATHWAY

The General Extension Pathway has been designed to provide students with a pathway to university whilst still maximizing time on Farm and in Trades.

Students in the General Extension Pathway will study courses in the Class area leading to the Western Australian Certificate of Education (WACE) plus the General Extension Pathway Course which will generate an equivalent ATAR score of 70 and guaranteed entry into an number of Curtin University programs.

Students will also work towards nationally recognised certificates in the Farm and Trade areas. These National recognised qualifications will assist students to access employment and further training in the TAFE sector.

Year 11—Students spend 2.5 days in Class (which includes the General Extension Pathway course), 1 day Farm, 1 day Trades and 0.5 day additional Farm.

Year 12—Students spend 2.5 days in Class (which includes the General Extension Pathway Course), plus 1 day Farm, 1 day Trades and 0.5 day Certificate III Agriculture. Students have the opportunity to spend one day per week in work release once Trades qualifications have been completed.

Once students complete the General Extension Pathway course, they will have guaranteed direct access to a wide range of Curtin courses <https://study.curtin.edu.au> such as;

Agribusiness / Environmental Science / Coastal and Marine Science / Mine and Engineering Surveying / Applied Geology / Health Sciences / Commerce / Business Administration / Psychology / Psychology and Human Resource Management / Health Safety and Environment / Early Childhood Education / Primary Education / Secondary Education

All universities offer a range of different entry pathways and most tend to accept each other's enabling/bridging programs. See individual universities websites for specific detail.

GENERAL EXTENSION PATHWAY

Students will study courses in the Class area leading to the Western Australian Certificate of Education (WACE). Students will use their certificates gained on Farm and in the Trades area, as well as their WACE to access employment, traineeships, apprenticeships and further training at TAFE.

Students will spend two days in the Class area, one day on Farm , one day on Trades and one day of additional Farm or Trades.

STUDY PATHWAYS

In Year 12, General students have the opportunity to spend one day per week in work release once Trades or Farm qualifications have been completed.

| LOCATION | YEAR 10 | YEAR 11 & 12 | YEAR 11 & 12 |

| OUTCOMES | | WACE= High School Graduation General Extension Pathway Course = ATAR 70 Various certificates from Farm and Trades | WACE= High School Graduation Various certificates from Farm and Trades |

QUALIFICATIONS ON OFFER

NATIONALLY RECOGNISED TRAINING

As a Registered Training Organisation, the College is able to offer and deliver Nationally Recognised Training and qualifications to students.

1 AGRICULTURE

AHC20116 Certificate II in Agriculture
AHC30116 Certificate III in Agriculture
AHC21216 Certificate II in Rural Operations
AHC20320 Certificate II in Production Horticulture
AHC21416 Certificate II in Wool Handling
AHC21316 Certificate II in Shearing

2 AUTOMOTIVE

AUR20520 Certificate II in Automotive Servicing Technology
AUR20720 Certificate II in Automotive Vocational Preparation

3 CONSTRUCTION

CPC10120 Certificate I in Construction
CPC20220 Certificate II in Construction Pathways

4 METALS AND ENGINEERING

MEM10105 Certificate I in Engineering
MEM20413 Certificate II in Engineering Pathways
MEM20105 Certificate II in Engineering—Welding Skill Set

5 FURNISHINGS

MSF10113 Certificate I in Furnishing
MSF20516 Certificate II in Furniture Making Pathways
MSF20313 Certificate II in Furniture Making—Skill Set

FARM

DAIRY

The College operates a side rapid exit dairy, milking approximately 120 Holstein Friesian cows. Full production figures are maintained with computer controlled supplementary feeding and integrated identification systems, activity meters have been introduced to help in heat detection to aid the breeding programme. Females are inseminated both naturally and artificially and the dairy complex provides the perfect opportunity for training purposes. The Dairy operates 2 centre pivot irrigators which cover 26 Ha, plus an additional 8ha under surface irrigation for summer fodder crops.

The Holstein Stud is involved in preparing and showing heifers at Harvey and Brunswick Shows. Each year approximately 120 dairy calves are reared. All females from this enterprise are kept for replacements of the dairy herd and all males are sold at approximately two months of age.

BEEF

The beef herd consists of approximately 250 Angus base breeders. The progeny of the commercial herd is sold to various markets. A feed lot trial occurs during Term 1. The Angus Stud consists of 50 females, with bulls bred and selected to be used in the commercial herd.

SHEEP

The College comprises of a 500 head self replacing Fine Wool Merino flock which includes a stud flock and ewes mated to Poll Dorset rams for prime lamb production. Students are trained in general sheep husbandry, shearing and wool handling. Students are involved in various shows and competitions throughout the year including wool and ram judging at Wagin Woolorama.

ORCHARD AND VINEYARDS

Students learn a range of knowledge and skills in managing grape vines through table and wine grapes of different varieties. Most of the produce is used to supply the kitchen or sold at Open Day.

The College manages an orchard in which different varieties of mandarins and oranges are grown as well as avocados. Students are exposed to all aspects of orchard management, tree care and picking and packing for market.

VEGETABLES

The College grows a range of seasonal vegetables predominately for the kitchen and students are involved in all aspects of plants, growing, harvest and preparation for market. A number of raised beds and a hothouse are used to produce kitchen ready vegetables and produce year round.

PARKS AND GARDENS AND PROPAGATION

The extensive garden areas around the College provide an opportunity for students to learn all aspects of ornamental garden and turf development and maintenance. In addition, students are involved with propagating a range of plant types for production and Landcare purposes.

PASTURES

Students are involved in pasture establishment and renovation, silage and meadow hay production and a summer maze crop. Dry land and irrigation fodder cropping techniques are demonstrated.

EQUINE

The Equine section is situated close to residence, enabling students to attend to their horses after hours. The facilities can house up to 25 student horses, plus 9 College horses, tack up area and tack room. Students have access to an arena and tracks around the farm. Horse agistment facilities are available for students wishing to have their horse on site for the Equine program and recreational purposes.

FARM

THE FARM

POULTRY

Approximately 130 Hyline chickens living in a free-range chicken caravan at our Eco –Shelter, producing eggs for the College kitchen and Open Day.

BUTCHERSHOP

The newly commissioned College butchershop processes farm grown beef, sheep and pigs and packs ready for kitchen use. Students receive instruction in breaking down carcasses, manufacturing small goods and using techniques such as cryovacing and smoking etc.

PIGS

The College has a small piggery which is used to grow out weaver piglets which are provided by Morowa Ag College to provide rations for the kitchen. This section is an intensive operations where students regularly weigh and monitor pig health.

SHEEP

The section has 60 Dorper sheep bred to supply meat to the kitchen.

EXTRA FARM ACTIVITIES

ACTIVITIES INVOLVING THE FARM

During the year students are involved in numerous activities during and after school hours. These events give the students an opportunity to gain experience in specific areas of interest.

WAGIN WOOLORAMA

This annual event is held in Wagin at the end of Term 1 over several days. Students compete in various events ranging in sheep judging, wool grading, shearing, cattle leading and judging.

DOWERIN FIELD DAY

In Term 3, the College takes a fencing team from each year over to Dowerin to compete against other schools and teams. This event is used for students to put into practice the fencing skills they have learnt at the College over the three years.

FARM SKILLS—PERTH ROYAL SHOW

At the end of Term 3 a contingent of students from all years head off to the Perth Royal Show to compete in a Farm Skills competition run prior to the commencement of the official opening.

The Agricultural College and School Competition assists students studying agricultural subjects to develop their skills and gain confidence and experience whilst competing in events such as fence construction, pressing and branding a bale of wool, tractor driving obstacle course and safety, wool appraisal, cutting steel plate, chemical safety and first aid.

CATTLE CLUB

The Cattle Club was formed for students to work with show cattle after school. Students who participate are taught to halter train, lead and prepare for shows. Students are then given the opportunity to show their heifers at numerous South West shows.

EXTRA FARM ACTIVITIES

OTHER ACTIVITIES

The College is involved in other farm courses and activities throughout the year which may be organised by the College or an external provider. These may include:

- Gate 2 Plate
- Katanning Expo Agriculture School Challenge
- Dairy Innovation Day
- Youth Cattle Handlers Camp
- Low Stress Stock Handling Course
- AI Course
- Visits to Boyanup Sale Yard
- Sheron Park Supreme Bull Sale
- Sheron Park Open Day
- Incursions/Excursions

TRADES

TRADES COURSE ON OFFER

The College offers four areas delivering nationally recognised training to students in these Trades. The knowledge and skills gained by students lead to a wide range of employment opportunities and further training.

TRADES FACILITIES

The Trade Training Centre at the College is a state of the art training facility. The four Trade areas offered are: Metals, Furnishings (Wood), Automotive and Building and Construction. Students attend Trades once or twice a week, depending on what course they have selected to study.

WHO STUDIES TRADES?

All students in Year 10 and 11 are required to undertake the four Trade areas as part of their course for the year.

In Year 11 and 12, depending on which pathway the student has selected, students will attend their Trade subjects once a week and may elect the option of having an extra day in the Trade area.

BUILDING AND CONSTRUCTION (BC)

In Building and Construction students are instructed in laying bricks, making limestone blocks, building sheds and gazebos, other building structure, mixing and laying concrete and much more. Students work both inside the Trades workshop and out on site.

METAL AND ENGINEERING

Students have the opportunity to work in a state of the art industry metals workshop. Year 10's start with small projects, by the time they reach Year 12 they are able to make trailers, yards, ramps and many more large projects.

FURNISHING (WOOD)

The variety of equipment the students have access to in the Woodwork workshop allows them to create large projects such as cabinets, tables, bed and TV stands. Students in Year 10 develop skills and refine them on smaller projects before moving to the larger projects in Year 11 and 12.

AUTOMOTIVE

In Automotive students are taught skills from basic fundamentals through to complete servicing during Year 10—12. If students obtain permission from the Auto instructor, they are able to bring in their own vehicle to work on during class time.

TRADE CAREER OPTIONS

Automotive Electrician, Bricklayer, Cabinetmaker, Carpenter, Carpenter and Joiner, Diesel Motor Mechanic, Fitter (General), Fitter and Turner, Fitter-Welder, Furniture Maker, Furniture Finisher, Joiner, Metal Fabricator, Metal Machinist (First class), Motor Mechanics (General), Motorcycle Mechanic, Sheet Metal Trades Worker, Small Engine Mechanic, Welder (First class), Wood Machinist.

RESIDENTIAL / EXTRA CURRICULAR ACTIVITIES

As we have numerous students boarding at the College from afar, Residential staff continually ensure students are cared for during and after school hours. This may include students being able to participate in local sports, gym, weekend shopping, movies trips, excursions and other activities. There are a number of events happening over the school year for students to be involved in.

BUSSELTON CAMP

Each year Residential staff are hoping for a beautiful sunny weekend when they can take students on a camp to Busselton. Students spend a couple of days at the beach, fishing and canoeing. This weekend is a great opportunity for new and old students to get to know one another at the start of the year.

WACoA CARNIVAL

Each year Harvey Ag College plays host to the Annual WACoA Carnival. Four other Agricultural Colleges from around the state converge on Harvey with a large group of students to play in a number of sports ranging from basketball, squash, volleyball, netball, lawn bowls, fishing, ten pin bowling, indoor cricket and other sporting activities. The weekend is designed for all the Ag Colleges to get together and participate in a friendly and competitive manner.

COUNTRYWEEK

Like many other schools from around the state, Harvey Ag students participate in Country Week at the end of Term 2 in Perth. Depending on numbers and sports available, Residential staff will support other College staff in supervising and coaching students in their elected sports.

COLLEGE BALL

The students at the College have the opportunity to dress up for the Annual College Ball. The Ball committee and Admin staff organise this prestigious event to make it a night to remember for students of all years.

OTHER ACTIVITIES

Students are also involved in the sporting activities such as football, netball, indoor cricket and basketball which are held during the year either by the College or town sporting clubs.

Students also have access to a music room at the College and art/craft classes during prep.

In addition, Residential and other staff members may decide to take students on weekend activities away from the College. Some of these past activities have included fishing trips, Skippers Ticket, shopping, movies and BBQs.

COLLEGE SCHOLARSHIPS

The following is a list of available scholarships are available for students who are currently enrolled at the College.

Scholarships must be used to assist with costs towards further studies at the College and will be paid into the student's school fees account.

LP & JA FRYER—\$500 Current Year 10 student for high achievement across all aspects of the program and making a positive contribution to the College environment.

ALCOA—\$500 Current Year 11 student for high achievement across all aspects of the program and making a positive contribution to the College environment.

FRIENDS OF HARVEY AG COLLEGE—\$500 Current Year 10 who has overcome personal adversity and experienced success at Harvey.

HARVEY AGRICULTURAL SOCIETY—\$1000 Current Year 11 who has overcome personal adversity and experienced success at Harvey.

FARMWEST— \$200 Current Year 11 student with a specific interest and aptitude in cattle.

HARVEY BULLS FOOTBALL & NETBALL CLUB—\$250 Current Year 10 or 11 student who currently plays football or netball for the Harvey Bulls, is community orientated and shows commitment to school and the team.
